

punch
volleybal

Member limit

How does the 'member limit' & teamcomposition work?

-  The technical committee (TK) will make the teams based on volleyball level
-  The leftover places will be available for beginning volleyball players
-  More people interested then leftover places -> weighted drawing
-  Present at more try outs -> higher chance of becoming a member

When can I join Punch

-  If you're a student in Delft (HBO or university)
-  If you have attended at least 2 try outs
-  If you have subscribed before the 2nd Wednesday after the OWee

If you become a member of D.S.V.V. "Punch" you will train with your team 1 or 2 times a week on Mondays and/or Wednesdays between 17:30 & 00:00. Furthermore you will play competition almost every week on Friday evenings or Saturday afternoons.
